The Company has evaluated its current product lines and determined that certain products we manufacture under contract to manufacture, contain tin, tungsten, tantalum and/or gold that are necessary to the functional production of the products. Our reasonable country of origin inquiry and due diligence concluded that certain necessary conflict minerals may have originated in the Democratic Republic of the Congo or an adjoining country, but may not be from scrap or recycled sources. As a result, we have filed a Conflict Minerals Report as Exhibit 1.01 to this Form SD.
