Report of Independent Registered Public Accounting Firm

To the Administrative Committee
Revvity, Inc. Savings Plan
Waltham, Massachusetts

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of the Revvity, Inc. (formerly PerkinElmer, Inc. Savings Plan) (the “Plan”) as of December 31, 2023 and 2022, the related changes in net assets available for benefits for the years then ended, and the related notes (collectively, “statements”). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on the Plan’s financial statements based on our audits. We are a public accounting firm registered with the Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the SEC and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risk of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by the Plan’s management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

[Table of Contents](#)

Supplemental Information

The supplemental information in the accompanying Form 5500, Schedule H, Part IV, Line 4a – Schedule Participant Contributions for the year ended December 31, 2023 and Form 5500, Schedule H, Part IV Schedule of Assets (Held at End of Year) as of December 31, 2023, have been subjected to audit procedures in conjunction with the audit of the Plan’s financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but included supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of Plan management. Our audit procedures included determining whether the supplemental information reconciles with the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly presented in all material respects, in relation to the financial statements as a whole.

/s/ BDO USA, P.C.

We have served as the Plan’s auditor since 2012.

New York, New York

Revvity, Inc. Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Revvity, Inc. Savings Plan (formerly PerkinElmer, Inc. Savings Plan) (the “Plan”) for the years ended December 31, 2023 and 2022, is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all domestic employees of Revvity, Inc. (the “Plan Sponsor”). The Plan also covers employees of each wholly owned domestic subsidiary that has an agreement to adopt the Plan. The Plan is administered by an administrative committee (the “Plan Administrator”) which has overall responsibility for interpreting the provisions of the Plan and providing the trustee with information required in the discharge of its duties. Fidelity Management Trust Company (“FMT”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

In March 2023, the Company completed the previously announced divestiture of certain assets and the closure of certain entities constituting the Company’s Applied, Food and Enterprise Services businesses (the “Businesses”). The Businesses included approximately 1,326 employees in the United States. Affected participants were 100% vested in their account balances and were given the opportunity to rollover their account balances to another qualified plan. The value of assets rolled over to another qualified plan as a result of the divestiture amounted to \$140,717,350. The value of assets included in Benefits paid to participants in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2023. During 2022, due to an acquisition by the Company, the Plan was amended to incorporate the BioLegend 401(k) Plan into the Plan. As a result, assets of \$35,939,163 that included \$309,252 in cash were transferred into the Plan from the BioLegend 401(k) Plan in 2022.

Effective as of April 26, 2023, the Company changed its name from PerkinElmer, Inc. to Revvity, Inc. Effective September 1, 2023, the Plan changed its name from PerkinElmer, Inc. Savings Plan to Revvity, Inc. Savings Plan.

Contributions

Participation in the Plan is voluntary. As defined in the Plan, eligibility commences the date the employee begins full-time service for the Company. Participants may elect to make voluntary before-tax or Roth 401(k) contributions up to 90% of their eligible compensation, subject to statutory limits, and after-tax contributions up to statutory limits defined by the Plan. In order to maintain the Plan’s status as nondiscriminatory, the contribution limits for highly compensated employees may be limited. Participants age 50 or over may be eligible to make catch-up contributions, subject to certain Internal Revenue Code (the “Code”) limitations. Participants may also receive amounts distributed to them by other qualified benefit plans.

All eligible participants receive matching contributions on a per-pay-period basis of 100% of the first 5% of their eligible compensation up to the applicable Code limits.

As defined in the Plan, the Company may make supplemental contributions at its discretion. There were no supplemental contributions made during 2023 or 2022.

[Table of Contents](#)

Revvity, Inc. Savings Plan

Notes to Financial Statements

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, supplemental contributions, allocations of Plan earnings, and are charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings, deferrals or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. All accounts are vested immediately in the Company's contribution portion of participants' accounts. Also, if a participant terminates employment due to death, disability or retirement, as defined in the Plan, his or her account remains 100% vested.

At December 31, 2023 and 2022, forfeited accounts totaled \$5,016 and \$54,516, respectively. These forfeitures resulted from contributions that were subject to former vesting schedules in place prior to February 1, 2011, and were used for adjustments and uncashed checks. Forfeited balances are used to reduce future Company contributions and to pay reasonable administrative expenses of the Plan. During the Plan year ended December 31, 2023, forfeited balances of an amount of \$68,400 were used to pay Plan expenses.

Investments

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, collective investment trusts, a common stock fund, participant-directed brokerage accounts, and a Company stock fund, subject to certain limitations, and other investment options for participants.

Notes Receivable from Participants

Participants may borrow from their fund accounts from a minimum of \$1,000 up to a maximum of \$50,000 of their vested account balances, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates fixed for the term of the note by the Plan administrator based on interest rates currently charged by commercial lending institutions. The period of repayment for any note is determined by the participant, but in no event shall the stated repayment period exceed 60 months, unless the note is used to purchase a primary residence, in which case, a longer payment period is permitted. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, death, or disability, a participant may receive the value of the vested interest in their account as a lump-sum distribution. A participant may withdraw the balance of his or her account after tax-tax consequences and elect to rollover their vested balance to another qualified retirement plan or IRA at any time. A participant may also elect to receive a distribution upon attaining age 59½ or in cases of hardship. Benefit payments to participants are recorded upon distribution.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis in accordance with principles generally accepted in the United States ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Choices, Valuation and Income Recognition

The Plan's investments are carried at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the reporting date.

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Company's common stock is valued at the quoted closing market price from the New York Stock Exchange and the short-term investments are valued at cost, which approximate fair value. Shares of mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year-end. The fair values of the investment trusts are based upon the NAV of the underlying investments at year end. One of the Plan's investment options allows participants to establish a brokerage account and select various investments consisting of mutual funds, common stock, and interest-bearing cash. The units of the common collective trust fund are valued at the value as determined by the issuer of the fund, FMTC, based on the net asset value, as a practical expedient for the underlying investments and account charges.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's net appreciation or depreciation in the fair value of its investments consists of realized gains and losses and unrealized appreciation and depreciation on investments.

Investment Management Fees and Operating Expenses

Management fees and operating expenses charged to the Plan for investments in the mutual funds, investment trusts and common collective trust fund are deducted from income earned on a daily basis and separately reflected. Consequently, management fees and operating expenses are reflected as a reduction in the net return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but uncollected interest at the end of the period. Delinquent participant loans are recorded as distributions based on the terms of the loan document.

[Table of Contents](#)

Revvity, Inc. Savings Plan

Notes to Financial Statements

Contribution Receivable

Participant contributions and any related employer matching contributions are recognized in the period the Company makes the respective payroll deduction from the participant's compensation.

Payment of Benefits

Payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Expenses related to notes receivable from participants and distributions are charged directly to the participant's account and included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of the fair value of investments.

Subsequent Events

The Plan has evaluated events and transactions occurring after the Statements of Net Assets Available for Distribution through the date of issuance for recognition or disclosure in the financial statements and notes, and no events requiring accrual or disclosure have occurred that are not otherwise disclosed herein.

3. Fair Value Measurements

Accounting Standards Codification 820, Fair Value Measurement ("ASC 820"), establishes a single definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to investments valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded in an active market but for which observable market inputs are readily available; and Level 3, which refers to investments valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan's policy is to recognize significant transfers to and from Level 3 at the beginning of the reporting period.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2023 and 2022.

Revvity, Inc. Stock Fund

The Revvity, Inc. Stock Fund is an employer stock unitized fund. The fund consists of Revvity, Inc. common stock and as short-term investments that provide liquidity for daily trading. Revvity, Inc. common stock is valued at the closing market price from a national securities exchange and the short-term investments are valued at their approximate fair value.

[Table of Contents](#)

Revvity, Inc. Savings Plan

Notes to Financial Statements

Mutual Funds

The Plan's mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held open-end mutual funds that are registered with the Securities and Exchange Commission. These funds actively publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are actively traded.

Collective Investment Trusts

The Plan's collective investment trusts ("CIT") are tax-exempt, pooled investment vehicles sponsored and managed by Fidelity Institutional Asset Management ("FIAM"). The primary objective of a collective investment trust is to provide economies of scale, to lower costs with a combination of profit-sharing pools. The Plan's CIT are investment vehicles that bear many similarities to a mutual fund, but are not subject to the Investment Company Act of 1940. CIT are unregistered investment vehicles. CIT have fewer trading issues as CIT are only managed for those specific investments that are not available to the general public. While unregistered, collective trusts are not unregulated; in the United States, trusts are supervised by the Office of the Comptroller of the Currency ("OCC") and the applicable state regulatory authority.

The Plan's CIT invest primarily in a combination of domestic U.S. equity pools, international equity pools, fixed income and short-term pools, some of which are actively managed while others are passively managed, meaning they are designed to provide investment results that correspond to the total return of a specific index. CIT are valued at the net asset value (NAV) of units held. The NAV is based on the fair value of the underlying investments held by the CIT less liabilities.

The fair value of the underlying investments is determined using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments, including but not limited to pricing.

Participant-Directed Brokerage Account

A self-directed brokerage account allows Plan participants the opportunity to invest in a wide array of securities, including but not limited to common and preferred stocks and registered investment companies. Participants may choose to direct their Plan assets into individual securities by establishing a Plan level brokerage account. Individual brokerage accounts are reported at fair value. The Plan receives prices for investments in brokerage accounts from a nationally recognized pricing service that are based on observable market transactions.

Common Collective Trust Fund/Stable Value Portfolio

The Plan's common collective trust fund is valued at the NAV of units in the collective trust. The NAV, as reported by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant redemptions (purchases and sales) may occur daily. In the event that the Plan initiates a full redemption of the common collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that liquidations will be carried out in an orderly business manner.

The valuation methods as described above may produce a fair value calculation that may not be indicative of fair market value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

[Table of Contents](#)

Revvity, Inc. Savings Plan

Notes to Financial Statements

In accordance with ASC 820, the following tables set forth by Level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2023 and 2022.

The Plan had no Level 3 investments as of December 31, 2023 and December 31, 2022.

	Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	December 31, 2023 Total
Revvity, Inc. stock fund	\$ 15,802,263	\$ —	\$ 15,802,263
Mutual funds	174,288,031	—	174,288,031
Collective investment trusts	—	496,131,829	496,131,829
Participant-directed brokerage account	29,484,401	—	29,484,401
Total investments at fair value	<u>219,574,695</u>	<u>496,131,829</u>	<u>715,706,524</u>
Common collective trust fund measured at NAV*			42,342,691
Total Investments	<u><u>\$ 219,574,695</u></u>	<u><u>\$ 496,131,829</u></u>	<u><u>\$ 758,049,215</u></u>

	Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	December 31, 2022 Total
Revvity, Inc. stock fund	\$ 29,005,865	\$ —	\$ 29,005,865
Mutual funds	189,361,692	—	189,361,692
Collective investment trusts	—	509,572,748	509,572,748
Participant-directed brokerage account	28,789,951	—	28,789,951
Total investments at fair value	<u>247,157,508</u>	<u>509,572,748</u>	<u>756,730,256</u>
Common collective trust fund measured at NAV*			69,693,142
Total Investments	<u><u>\$ 247,157,508</u></u>	<u><u>\$ 509,572,748</u></u>	<u><u>\$ 826,423,398</u></u>

Specific investments that are measured at fair value using the NAV (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables above are intended to enable reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

*

[Table of Contents](#)

Revvity, Inc. Savings Plan

Notes to Financial Statements

The following tables set forth additional disclosures of the Plan's investment that has fair value estimates based on a practical expedient:

<u>Investment</u>	Fair Value Estimated Using Net Asset Value per Share December 31, 2023				
	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Stable value fund ^(a)	\$ 42,342,691	\$ —	Daily	See Note 4	See Above

<u>Investment</u>	Fair Value Estimated Using Net Asset Value per Share December 31, 2022				
	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Stable value fund ^(a)	\$ 69,693,142	\$ —	Daily	See Note 4	See Above

- (a) Stable value fund strategy seeks to preserve the principal investment while earning a level of interest consistent with the principal preservation. While it seeks to maintain a stable NAV of \$1 per share, we cannot guarantee it will be able to do so; thus, the yield of the stable value fund will fluctuate.

4. Common Collective Trust Fund/Stable Value Portfolio

The Managed Income Portfolio II (the "Portfolio") is a stable value portfolio that is a commingled pool of investments. The beneficial interest of each participant is represented by units. Units are issued and redeemed at the Portfolio's constant net asset value (NAV) of \$1 per unit. Distribution to the Portfolio's participants is derived from the net investment income and automatically reinvested in the Portfolio on a monthly basis, when the policy of the Portfolio to use its best efforts to maintain a stable net asset value of \$1 per unit; although we cannot guarantee that the Portfolio will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Portfolio, plus earnings, less participant withdrawals and administrative expenses. The Portfolio imposes certain restrictions on the Plan, and the Portfolio itself may be subject to circumstances that impact its ability to transact at contract value (described below). Plan management cannot guarantee the occurrence of events that would cause the Portfolio to transact at less than contract value is not

Limitations on the Ability of the Portfolio to Transact at Contract Value

Restrictions on the Plan

Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for loans or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be contract value actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Portfolio to transact at contract value:

- The Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code.

[Table of Contents](#)

Revvity, Inc. Savings Plan

Notes to Financial Statements

- Any communication given to Plan participants by the Plan Sponsor, any other Plan fiduciary or FID, designed to sway or influence a participant not to invest in the Portfolio or to transfer assets out of the Portfolio.
- Any transfer of assets from the Portfolio directly into a competing investment option.
- The establishment of a defined contribution plan that competes with the Plan for employee contributions.
- Withdrawals initiated by the Plan Sponsor will normally be provided at contract value as soon as practicable, but not later than twelve months following written notice of the Trustee.
- Complete or partial termination of the Plan or its merger with another plan.

Circumstances That Impact the Portfolio

The Portfolio invests in assets, typically fixed income securities or bond funds, and enters into “wrap” contracts with third parties. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to the Portfolio in certain circumstances. Wrap contracts are designed to allow a stable value to maintain a constant NAV and to protect a portfolio in extreme circumstances. In a typical wrap contract, the issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The wrap contracts generally contain provisions that limit the ability of the Portfolio to transact at contract value in the occurrence of certain events. These events include:

- Any substantive modification of the Portfolio or the administration of the Portfolio that is not consented to by the wrap issuer.
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Portfolio’s cash flow.
- Employer-initiated transactions by participating plans as described above.

In the event that wrap contracts fail to perform as intended, the Portfolio’s NAV may decline if the market value of the assets declines. The Portfolio’s ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer’s ability to meet their financial obligations. The wrap issuer’s ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The Portfolio is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Portfolio’s inability to promptly find a replacement contract following termination of a wrap contract. Wrap contracts are non-transferable and have no trading market. There are a limited number of wrap issuers. The Portfolio may lose the benefit of wrap contracts on any assets in default in excess of a certain percentage of Portfolio assets.

[Table of Contents](#)

Revvity, Inc. Savings Plan

Notes to Financial Statements

5. Related-Party Transactions

Certain Plan investments are shares of mutual funds or interests in collective investment trusts and collective trust fund managed by Fidelity Management and Research Company ("FMR Co."), an affiliate of the Company. These investments qualify as party-in-interest transactions. Administrative fees paid by the Plan for the investment management services provided by the trustee were \$0 and \$78,918 for the years ended December 31, 2023 and 2022, respectively.

The Plan receives revenue credits from FMTC on a quarterly basis. The revenue credit account can be used to pay plan expenses or can be allocated to eligible Plan participants as defined in the services agreements with FMR Co. affiliates. Revenue credits earned from this agreement and certain administrative fees are recorded as income and deductions in the statement of changes of net assets available for benefits. During 2023, the Plan received revenue credits; \$41,695 remained in the revenue credit account at December 31, 2023. During 2022, the Plan received revenue credits; \$207,166 to pay plan expenses; there was a remaining credit of \$14,699 as of December 31, 2022.

At December 31, 2023 and 2022, the Plan held 141,738 and 202,906 shares, respectively, of common stock of the Company, the Plan Sponsor. During the years ended December 31, 2023 and 2022, the Plan recorded dividends of \$47,557 and \$58,426, respectively, from the Company's stock of \$47,557 and \$58,426, respectively.

Participant notes receivable also qualify as party-in-interest transactions.

6. Federal Income Tax Status

The Internal Revenue Service ("IRS") determined and informed the Company by a letter dated May 29, 2023, that the Plan and related trust were designed in accordance with the applicable regulations of the Code. The Plan has been amended and restated.

The IRS subsequently issued to the Company a favorable determination letter dated November 11, 2023, confirming that the Plan and related trust were designed in accordance with the applicable regulations of the Code. Therefore, the Plan and related trust continue to be tax-exempt and no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has determined that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Company noted certain operational errors for the period from November 28, 2022 to March 28, 2023, related to auto enrollment into the Plan. The Company has corrected the error in 2024 and is in the process of determining the amount of qualified nonelective employer contributions required to be remitted to the Plan on behalf of the affected participants. The Company intends on remitting the qualified nonelective employer contributions to the Plan. This matter does not affect the tax status of the Plan.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right, under the Plan, to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants would remain 100% vested in their accounts.

8. Risks and Uncertainties

The Plan utilizes various investment instruments including common stock, mutual funds, collective investments and a common collective trust fund. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level

Notes to Financial Statements

of risk associated with certain investment securities, it is reasonably possible that changes in the values of securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements. The Plan has one investment that represents 16% and 13% of total investments at December 31, 2022, respectively.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available per the financial statements to the Form 5500:

<u>December 31,</u>	<u>2023</u>	
Net assets available for benefits per the financial statements	\$ 762,731,931	\$
Adjustment from fair value to current value for the stable-value common collective trust	(2,373,036)	
Net Assets per the Form 5500	<u>\$ 760,358,895</u>	\$

The following is a reconciliation of the increase in net assets per the financial statements to net income per the Form 5500:

<u>Years ended December 31,</u>	<u>2023</u>	
Decrease in net assets before Plan transfers per the financial statements	\$ (70,975,096)	\$
Change in adjustment from fair value to current value for fully benefit-responsive stable-value fund:		
Beginning of year	4,833,463	
End of year	(2,373,036)	
Net Loss per the Form 5500	<u>\$ (68,514,669)</u>	\$

10. Late Remittances

During the Plan year ended December 31, 2023, participant contributions in the amount of \$1,487 were not remitted within the appropriate time period by the Company. This transaction constitutes a prohibited transaction under ERISA. Lost earnings related to the late remittances were deposited to the participant accounts in 2024. The Company is in the process of filing the 5330 and remitting the related excise taxes. During the Plan year ended December 31, 2022, participant contributions in the amount of \$6,658 were not remitted within the appropriate time period by the Company. This transaction constitutes a prohibited transaction as defined by ERISA. Lost earnings related to the late remittances were deposited to the participant accounts in 2023. The Company has taken the appropriate steps to ensure all future remittances are done within the prescribed time period.
