This Form SD should be read in conjunction with the definitions contained in the U.S. Securities and Commission ("SEC") instructions to Form SD and related rules. With respect to conflict minerals necessary to the functionality or production of products manufactured by Instruments Incorporated ("TI"), or contracted by TI to be manufactured, and required to be reported on Form SD for 2023 (collectively, "CMs"), we exercised due diligence concerning the source and chain of custody of the CMs. A description of our due diligence (which included a reasonable country of origin inquiry), please see our Conflict Minerals Report (Exhibit 1.01).
